## Refining your schedule search (too many options)

1. Add **Breaks** using the menu on the right of the screen
  - Use this for required practices or meetings
  - Use it to adjust times you wish to not have class if possible for reasons like working, commuting, practice, etc. Note that CHEM 1103 and PHYS 2054 have required class time on Tuesday and Thursday evenings for tests, respectively. Do not add a break during these evenings if you intend to enroll in either of these courses.
2. Choose specific sections for one or more courses using the **Options** links in the **Courses** section.

## Swapping a Class in UAConnect

1. From the **Manage Classes** file, click the Enroll link on the left. Then click the **SWAP** tab at the top of the page
2. If more than one term is open for enrollment, you will have to select the **Fall 2021** term and click the **Continue** button.
3. Under the **Swap This Class** section, click the drop-down arrow to select the class you wish to drop from your current schedule.

5. The next screen lists both classes for you to confirm your swap. Click the **Finish Swapping** button.
  - If you get a **green** checkmarks on the next screen your swap worked. If you get a **red X**, then the swap did not happen. Possible reasons are class is closed, class conflict, or prerequisites are not met. If you need help, let contact the FEP office for assistance.
  - If you need to continue adding classes, then click the **Add** link at the top of the page.

## Editing Drill or Lab Times in UAConnect

If you want to keep the lecture time but change the drill time for your math class or lab time for your physics class, you can use the **EDIT** function. From the **Enroll** page, click the **EDIT** tab at the top of the page. You will be prompted to select a drill or lab associated with your currently schedule lecture.

## Dropping a Class in UAConnect (Use SWAP when possible)

1. From the **Enroll** page, click the **Drop** tab at the top of the page
2. If more than one term is open for enrollment, you will have to select the **Fall 2021** term and click the **Continue** button.
3. Select the check box of each class you wish to drop.
4. Click the **Drop Selected Classes** button to remove class(es) from your schedule.
5. The next page will show the status of this process.
  - If you get a **green** checkmark on the next screen your drop worked.
  - If you get a **red X**, then the drop did not happen. The most common reason is the class is a co-requisite with another class on your schedule. You may need to do a SWAP instead or drop the co-requisites. If you need help, contact the FEP office for assistance.
